Mr. and Mrs. Perry were going on horseback, when near Leilehun the husband rode on alread. The Nor. Some wegien emerged from the brush on the wayside and tried to stop the woman's horses. Mr. Perry turned tiedlies and seeing the man rode back. He Elienberg gave the Norwegian an unmerciful beating leaving how nearly dead in the middle of the road.

#### CHAPTER OF ACCIDENTS.

#### Three Men on Different Vessels Badly A Visitor from San Francisco Who Hurt.

Shortly before the steamer James Makee left yesterday afternoon for ports on Kauai Sam Gourley, mate on the steamer, met with a serious brought to town from Kau, Hawaii, accident. While standing near the on the steamer W. G. Hall this hold he lost his footing and fell on morning. Mr. Jangbluth arrived at his head, the fall creating a very ugly wound, from which blood flowed. The mate was picked up by some of Queen's Hospital, where it was found he died on Friday last, the day that his skull was fractured. To day after he arrived there. Dr. V. J.

the man is resting easy.

The schooner Ka Moi, which arrived yesterday afternoon, brought the news of an accident to one of her crow named Keliiknewa. The schooner was discharging freight at Koholalele, and it was very rough at the time. A box was being hoist- a wealthy merchant in San Franed in a sling when the rope broke and the box struck the seaman square on the legs, breaking them both, the left leg below the knee and the other about the thigh. He widow. was taken ashore for medical assis-

Harry, an oiler on the steamer W. G. Hall which arrived this morning, met with a very painful accident on this trip. The steamer had left Punalau and was plowing its way through the trough of the sea, for it was very rough at the time. The oiler was in the engine room and in an unguarded moment one of his heels was caught in an eccentric strap, tearing flesh and skin clean off.

#### THE ILL-FATED HILO.

#### Captain Le Ballister and Wife Come to Honolulu.

Captain Le Ballister, of the wrecked barkentine Hilo, and wife arrived in town on the steamer W. G. Hall this morning. With the exception of a compass and the boat in which the party landed at Punaluo, nothing was saved from the wreck. Captain Le Ballister and wife only possessed the clothes they had on their backs. The captain is very grateful to those who kindly assisted them cure, saving her much suffering be-in their distress. The boat, four sides the trouble and expense of oars and sail were brought on the W. G. Hall and will probably be old here.

Deputy Sheriff Yates made an attempt to reach the wreck, but found it useless, the sea being rough. strongest swimmer even found it impossible to reach her. The deputy sheriff went to Punaluu and told says he has received the most of a Captain Le Ballister that any at tempt to reach the wreck would be footbardy. The captain then gave SATURDAY, MARCH 17, 1894 the trouble to inquire of his custom-ers, he knows what he is talking sel, and came on to Honolulu. Captain and Mrs. Le Ballister called at the U. S. Consulate. When the W. Returns are coming in from the G. Hall left the sea was quieting ountry about the Jones locked down after several days of very rough and boisterous weather. The beach along the coast was strewed with wreckage, and the natives were picking up the broken lumber for

#### firewood. UNION PARTY ON HAWAII.

#### Natives Attend Meetings Without Knowing the Object.

On Saturday evening last an organization to be known as the Union | Solos ! party was organized at Hilea, Ha-W. P. Fennell is said to have called the meeting. There were a number of natives present who were pulled in and made to sign the roll he called seon.

At Keauhon, Hawaii, the same evening a meeting was called of residents to organize a branch of the Union party. As in the other meeting the natives attended without knowing what it was for. The fol-lowing officers were elected at this meeting: Thos. Wright, president; Wright, secretary; T. K. R. Amalu,

Came for Health.

### King Humbert's Birthday

To-day, March 14, is the fiftieth anniversary of the birth of the King of Italy. The day is observed by the flying of flags over the different consulates and a display of bunting on ships. The U.S. warships Philadelphia and Adams are dressed, also the barkentines Irmgard and S. G. Wilder. The warships and Irmgard are flying the Italian ensign at the maintop. There was wondering among a few on the city front why the British eru ser Champion is not dressed. These can be satisfied by the fact that, according to the mavy regulations of Great Britain, a war ship is only allowed to dress ship and fire a salute, in honor of another foreign nation's holiday, when there is a warship of such other nation in the same port.

For seven years or more Mrs. W. D. Louder, of Quincy, Ky., was subject to severe attacks of cramp colic. Mr. S. R. Morse, a druggist of that place, recommended Chamberlain's Colic, Cholera and Diarrhora Remedy, which has effected a permanent cure, saving her much suffering besending for a doctor, which was often necessary. For sale by all Benson, Smith & Agents for the Hawaiian Islands.

THE UNDERSIGNED HAVE BEEN APPOINTED SOLE AGENTS FOR these SHREDDERS and are now prepared to receive orders. The great advantages to be derived from the use of the NATIONAL CARE SHEEDDER are thoroughly established and acknowledged by Planters

generally. The large number of Planters using them in the United States, Cuba, Argentine Republic, Peru. Australia and elsewhere, bear witness to the ahove claim,

The use of the Shekenbea very largely augments the quantity of cane the mill can grind (25 to 50.), also the extraction of juice (5 to 12.). It is a great safeguard, making known at once the presence of any neces of iron, stakes from cats, or anything which would be hable to damage the null, and allowing ample time to remove same before damaging the mill. The SHIRLDDER is very strongly made, and from the manner of its operation it cuts or tears these pieces of wood or iron without often breaking the SHEEDDRE; and if anything breaks, it is simply some of the knives or cutters,

which can be quickly and economically replaced. The Sheeders, as its name indicates, tears the cane into shreds of varying lengths, perfectly opening it and allowing the nell to thoroughly press out the puices without requiring the immense extra power necessary to grand or crush the whole cane. The SHEKLIGER -parals the shredded cane uniformly and evenly to the mill relia, and dos-away with the necessity of spreading the bagasse by hand between the mills where regulading is in use. No greater amount of higher capacity is required to operate the SHEKDDER than that which was sufficient for the mail, to the above reasons. We furnish full working drawings for the installation of our SHEEDDERS, enabling any competent engineer to successfully metal) and start them,

In ordering Situationals from us, please send small sketch, showing the diameter and width of the null rolls with which Shukbbak is to be connected, Sept. 23, 1893. also the sale (either right or left hand as you face the activery side of the smills, upon which the mill engine is located, also the height from floor line to center of from new reliable shaft, and distance center this shaft to front end of hel plate. These Supromers are now being used by the Hilo Sugar Co. and How Mill, Kediala, where they are giving great satisfaction.

Prace and further particulars may be had by applying to WM. G. IRWIN & CO., L'd.,

Sole Agents for the Hawaiian Islands.
